

Children and Young People's Strategic Commissioning Priorities 2011-2014

C1 Early Intervention

Intervening early in the onset of difficulties to meet additional needs at the earliest point and preventing the escalation of need for more complex and costly interventions

- C1.1** Speech, language and communication needs
- C1.2** Early identification of vulnerable children and services to meet their needs
- C1.3** Support for children with disabilities and special educational needs
- C1.4** Delivering more personalised services including through personal budgets

C2 Health Prevention

Improving physical and mental well-being of children and young people and educating them to make healthy lifestyle choices

- C2.1** Improving maternity care so babies get the best start in life
- C2.2** Improve immunisation rates
- C2.3** Reducing obesity
- C2.4** Increase sports activities to improve health
- C2.5** Reducing preventable injuries
- C2.6** Reducing preventable infections
- C2.7** Reduce dental caries
- C2.8** Improve sexual health
- C2.9** Smoking prevention and education
- C2.10** Preventing harmful drinking
- C2.11** Improve outcomes for under 5s through investment in health visiting
- C2.12** Improve access to mental health support for vulnerable children and young people

C3 Safeguarding

Making safeguarding everyone's business and ensuring those most vulnerable to abuse are identified and intervention provided to ensure their safety

- C3.1** Improving transitions to adulthood for pupils with learning difficulties and disabilities and those leaving care
- C3.2** Increasing high quality Autism provision within Harrow schools
- C3.3** Expanding access for disabled children to short breaks including better access to mainstream services
- C3.4** Improving stability of placements for children looked after
- C3.5** Reducing the length of time some children are subject to child protection plan
- C3.6** Reduce the impact of adult substance misuse on young people
- C3.7** Reducing risk of domestic and sexual violence
- C3.8** Reduced Youth crime

C4 Narrowing the Gap

Between outcomes for the more vulnerable and disadvantaged groups of young people and the general child population

- C4.1** Improved accesses to affordable childcare to ensure children are ready for school
- C4.2** Improve outcomes of those children who perform the worst at foundation stage
- C4.3** Improving educational attainment for those in lowest attaining groups
- C4.4** Improving attendance in schools
- C4.5** Improving school attendance and achievements in CLA
